

College Library Infrastructure and facilities

Government Degree College for Women, Pulwama has a well developed library. The library is fully automated with RFID system in place. The students can, on their own, borrow and return a book with much ease. The system enables the library to have an anti-theft system in place to check misuse, theft etc. There are some 10,000 books in the library. Besides, the library has subscribed to the e-Journals and e-Books. The library gives teachers remote access to Allama Iqbal Library- the Central Library of the affiliating university viz. University of Kashmir, Srinagar. The library houses a reference section and reading corner. The library also has the facility of access to various magazines, and newspapers for the benefit of the students and the staff of the college. The software used by the library for cataloguing, Membership generation and Circulation is SOUL 2.0 i.e. Software for University Libraries.
